

OUR HONORS

We have been awarded numbers of design and technology prizes thanks to our pursuit of innovation and meticulousness.

CREATIVE TO WIN

- iF DESIGN AWARD 2024 - GLOW iSUP
- Reddot Award 2017 - TOMAHAWK Kayak
- iF Design Award 2018 - EVOLUTION 2-in-1 Kayak SUP
- CF Design Award 2017 - BLUE DRIVE POWER FIN
- National Patent Demonstration Enterprise of 2010 - 2018
- CQC-China Quality Management System Certificate
- Audited Supplier of Made-in-China. com and Alibaba by SGS
- China High-Tech Enterprise of 2015 - 2019
- CF Design Award 2019 - The First Prize

SUSTAINABILITY INNOVATION

Recycled Paper

We are replacing plastic packaging and packing materials with recycled paper to reduce water pollution by 35% and air pollution by 74%.

Welding and Heat Fusion

Without the use of any glue, we utilize High Frequency Welding and Heat Fusion Technology to join two separate pieces of PVC into a single solid unit. Super strength and great for mother Earth!

Digital Printing

We've replaced our traditional silk screen printing with industry leading Digital Printing Technology throughout our entire line up for the lowest environmental footprint.

Eco-friendly Backpack

Our latest SUP boards come with new Aqua Marina CIRCUPACK™ made from 100% plastic waste. In using our new recycled fabric, we've reduced our water consumption by 20%, our energy by 50% and our CO2 emissions by 60%!

PADDLE RESPONSIBLY

Committed to ocean health and sustainability, we have stayed passionate about encouraging our users to paddle responsibly and preserve our oceans so they can be enjoyed for years to come. We continuously strive to create more environmentally conscious products so our natural treasures can continue to thrive. New Aqua Marina boards are equipped with CIRCUPACK™ made from 100% waste plastic. Every year we aim to prevent over 3 million plastic bottles from ending up in our landfills. Let's all do our part together.
